# **SIGNIFICANT EVENTS / ACTIVITY**

## **Cal EOC Incident – 2014 Drought**

### **Situational Summary: (No Change)**

- Strong winter storms hit California beginning Wednesday 2/26/14 through Sunday 3/2/14 bringing heavy rain and snow across the state. Both Northern and Southern California received significant rain, and the Sierra Nevada's gained substantial snowpack. Northern California continues to experience showers throughout the week. Even with this significant precipitation, the state continues to be in a severe drought. Reservoir levels remain low despite these recent storms. The drought could result in severe impacts to municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The State Operations Center (SOC) continues to be activated to monitor the situation statewide, and support regional and local operational areas.
- The Drought Task Force leaders traveled to Merced for another of its local meetings on Tuesday, 3/4/14. The Taskforce continues to meet weekly to take actions that conserve water and coordinate state response to the drought.
- Sixteen counties and four Native American tribes have proclaimed a local state of emergency as a result of the drought. The California Public Utilities Commission regulates all for-profit water utilities in the state and has ordered private water utilities to implement 20% voluntary water use reductions.
- The recent snowpack survey conducted on 2/27/14, recorded California snowpack at 24% of normal. A more recent update using automated devices after the recent storm (March 6) shows snowpack at 33% of normal.
- DWR has announced that water essential for health and safety will be delivered through the state water project in spite of the zero allocation policy. Deliveries will be boosted if storms produce enough rain and snow to increase reservoir storage and the snow pack.

## Cal EOC Incident – 2014 Drought (Cont.)

### **Situational Summary: (Cont.)**

- On March 4<sup>th</sup> and 5<sup>th</sup> the Groundwater Resources Association of California held a conference at McClellan Park in Sacramento to discuss groundwater issues and water management and strategies addressing challenges of Sustainability and Drought in California. It was organized in cooperation with *The U.S. Society for Irrigation and Drainage Professionals* (USCID)
- Cal OES continues to gather drought-related costs from state agencies and local governments.

## Cal EOC Incident – 2014 Drought (Cont.)

### **Current Conditions:**

- Despite two large storms over the past three weeks, heavy rain and snow would have to fall throughout California very frequently from now until May to reach average annual rain and snowfall levels.
- Now more than two-thirds of the way through the rainy season, many areas in the northern part of the state are at least 15 inches short of average annual precipitation. So it would take more than a half an inch of rain from Redding to Fresno every other day until May to get back to average precipitation in the watersheds that supply most of California's drinking and irrigation water. Even with such precipitation, California would remain in drought conditions, due to low water supplies in reservoirs from the two previous dry years.

## Current Drought Updates:

- 2014 Drought Response Report will be updated again on 03/10/14 unless the situation warrants.

### **Declarations/Resolutions/Proclamations: (No Change)**

#### **State:**

01/17/14 – January 17, 2014, Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for these drought conditions.

## **Southern California – Significant Activity**

### **2014 Asics LA Marathon – 03/09/14**

The LA Marathon (formerly the City of Los Angeles Marathon) is an annual running event held each spring in Los Angeles, California. The 26.219 mile (42.195 km) footrace, inspired by the success of the 1984 Summer Olympic Games, has been contested every year since 1986. The 27th edition of the marathon took place on March 18, 2012. The marathon is currently sponsored by Asics, and thus its official title is the Asics LA Marathon. The LA Marathon route has been frequently modified over recent years, making it flatter and faster.

- **Marathon Course** – The race starts at Dodger Stadium. From there runners head east, through downtown LA, past Echo Park and Silver Lake towards Hollywood. They are then directed to Beverly Hills, past Century City and West Los Angeles on the way to Santa Monica where the race ends at the coast on Ocean Drive.
- **The Race** – Comments about the race are mixed. There have been two main complaints. One has been that the initial 3 mile stretch along narrow roads slows many runners, preventing many possible personal best times. Also the journey through Boyle Heights in East LA (a major eyesore) is not always appreciated. However, others congratulate the course and speak highly of running past Hollywood Blvd and the Venice area.
- The cities of Los Angeles, West Hollywood, Beverly Hills, and Santa Monica will all operate under a Multi-Agency Coordination Group (MAC Group) located at 500 E. Temple Street.
- All L.A. City Unified Command agencies (Los Angeles Fire Department, Department of Transportation, Los Angeles Police) will operate from a Unified Command Post located at 200 N. Main Street.
- Event Operational Period is from 0400-1700 hours on 03/09/14.

# **CAL OES MISSIONS**

## **Drought Related Missions**

- **2014-Inland-2185** Tuolumne County does not have a water master or any alternative resources to assist in determining the health of their ground water system. The County is requesting state agency expertise to assist with this determination.

## **Ongoing Cal OES Missions**

- **2014-SREOC-2453** On 3/5/2014, San Bernardino County Fire OES is requesting communications support for Baker to Vegas Challenge Cup Relay on March 20, 2014. Cal OES T-Comm representative is coordinating the required resources.
- **2014-LAW-2450** Santa Barbara County Sheriff's Department is requesting ten Search and Rescue personnel that are EMS certified to assist with a special event. Resource will be needed from 1100 hours till Midnight on April 8, 2014. San Luis Obispo County Sheriff's Department will be responding with requested resources.

## Ongoing Cal OES Missions (Cont.)

- **2014-LAW-2401** 2/28/14, 1510 hours, Santa Cruz Sheriff's Department requested the assistance of the Santa Clara County Sheriff's Department historic human remains detection (HRD) K-9 Teams. Santa Clara County SO agreed to support the mission. LDO notified the Cal OES K-9 Coordinator of the resource request. The search is scheduled for 03/12/14.
- **2014-LAW-2380** The San Bernardino County Sheriff's Department as the Regional Mutual Aid Coordinator is requesting the 9th Civil Support Team of the California National Guard for support during the running of the Auto Club Speedway's NASCAR Races to be held from Friday, March 21, 2014 through Sunday, March 23, 2014. The CNG has accepted the mission and will deploy the requested resources.
- **2014-LAW-2307** California Department of Fish and Wildlife (DFW) has requested California Air National Guard to assist in the movement of equipment and fuel between Farallon National Wildlife Refuge and the mainland. Approximately 3-4 sorties are expected with an HH-60G helicopter any one day between 2/24-28/2014 or before 3/15/2014. After receiving the official letter of request from USFWS on behalf of the California DFW, Cal OES LDO has changed the target date of the mission to 2/27/14, the county to Marin as Stinson Beach was Identified as the primary staging area and the resource to an HH-60.

## Ongoing Cal OES Missions (Cont.)

- **2014-LAW-2275** 03/07/14, 1600 hours, Butte County Sheriff's Department requesting to reopen mission and requesting 6 cadaver dog search teams and 40 ground searchers. Mission was originally opened for a SAR resource request to support the search for a missing 81 year old male with dementia who walked away from his residence in Oroville on 02/22/14. Cal OES Law Enforcement Division is coordinating the search dog response. Shasta, Mendocino, Marin, Contra Costa and Yuba Counties are responding with ground searchers.
- **2014-SOC-2111** Mission is to test the Cascadia Subduction Zone (CSZ) air bridge concept by air transporting 7 passengers from OES and 1 CANG logistics planner on 13 May 2014 from Mather to the State Staging Area (SA) in Redding, to one POD in Del Norte and one POD in Humboldt, to the Redding State SA, and return to Mather. Passengers will discuss actions at the Redding SA and at each OA POD while they are at each location. The air bridge is a critical component to CSZ response and recovery. It is imperative this concept is tested to ensure response teams can be successfully transported into the effected region and the affected Operational Areas' are able to receive aircraft at designated PODs.

## Closed Cal OES Missions

- **2014-LAW-2462** Sacramento County Sheriff's Department is requesting cadaver K-9 teams (HRD) to assist in a possible homicide investigation. Cal OES LDO is coordinating resources for a search Friday (03/07/14) or Saturday (03/08/14). [Update: 03/07/14, 0930 hours, Sacramento Police Department advised that they were unable to develop any further leads and that they are cancelling the search pending further investigation. Mission Closed](#)

# **UPCOMING EVENTS, TRAINING, EXERCISES**

## **Diablo Canyon Power Plant, Rehearsal / Full Scale Exercise**

Diablo Canyon Power Plant in San Luis Obispo will be hosting two full scale Hostile Action Based exercises this Spring. A dress rehearsal exercise will be held on April 16, 2014 and a FEMA evaluated exercise will held on May 21, 2014. This is part of the required biennial demonstration of our ability to protect the public from a radiological incident at the nuclear power plant.

## **2014 Golden Guardian**

Planning is currently underway for the Governor's 2014 exercise series. The series will test the *California Cascadia Subduction Zone Earthquake and Tsunami Response Plan* developed by FEMA Region IX and Cal OES
